Alberta CO2 Purity Project – Techno Economic Model

General Public Model Directions using the GoldSim Player utility:

1. Open the appropriate Techno-Economic Model File from PTAC's website

2. Copy 3 files to PC: ACPP Techno-economic Model User Manual.pdf, Mean Calculator.xlsx and ACPP Techno-economic Model (Public).gsp

3. Read the User Manual for instructions about how to run the ACPP Techno-economic Model

4. Make sure that the MS Excel file Mean Calculator.xls file is in the same directory as the ACCPP Techno-economic Model (Public).gsp file when running the mode
