INTRODUCTION: PTAC-MLS 2026

Since **2018**, the **PTAC Methane Leadership Summit (PTAC-MLS)** has grown into the **go-to event** for **methane emissions reduction**, attracting over **300 stakeholders** from **industry**, **government**, and **innovation sectors**. The Summit is more than just a conference; it catalyzes action, bringing together **producers**, **cleantech innovators**, and **policymakers** to share insights, forge partnerships, and accelerate emissions solutions.

Get ready for **PTAC-MLS 2026**—**bigger** and more **impactful** than ever. Join **industry leaders** to shape the **future of methane management** in **Canada** and beyond. Sponsorship and exhibitor opportunities are limited, so **contact us** today. You won't want to miss it!

Through PTAC-MLS, we continue to lead by example

—demonstrating what's possible when industry comes together with purpose, innovation, and a unified vision for a lower-emissions future!

Canada's Leading Methane Events

From deep dives into methane regulations and carbon reduction strategies to discussions on policy, climate impacts, and global energy challenges, **the momentum we're building is undeniable!**
